# ACTIVATE YOUR UTORID
GET CONNECTED

Your UTORid and password gives you access to a number of UofT's online services such as email and the campus wireless network.

To activate your UTORid, go to www.utorid.utoronto.ca.

Your UTORid appears here on your TCard.

Your Secret Activation Key is
eePh4riguh

Activate your UTORid now in one of 3 ways:

Option A — From the TCard Services UTORid activation computer:
Click the **UTORid Activation** link and follow the instructions.

Option B — From any computer or mobile device:
Go to **www.utorid.utoronto.ca** and follow the **First Time Users 'activate your UTORid'** link.

Option C — Any Library computer on the Downtown Toronto Campus:
Press **Ctrl+Alt+Delete**, then click the **UTORid Assistance** button and click **UTORid Activation**.

My.access: http://go.utlib.ca/myaccess

POLICIES

All students should be aware of the U of T Policy on Official Correspondence with Students. Here is an excerpt from the policy:

Postal Addresses and Electronic Mail Accounts

Students are responsible for maintaining and advising the University, on the University's student information system (currently ROSI), of a current and valid postal address as well as the address for a University-issued electronic mail account that meets a standard of service set by the Vice- President and Provost.

Failure to do so may result in a student missing important information and will not be considered an acceptable rationale for failing to receive official correspondence from the University.

Read the complete policy at: http://uoft.me/191.

SECURITY: You are responsible for the security of your UTORid. Keep this information in a safe place to prevent unauthorized access.
